Dedication

Mother of God

With love and devotion, we, the graduating class of 1953, dedicate this, our annual, to the Mother of God, who has been our constant inspiration and unfailing help in achieving this final goal, Commencement.

*Give to the World the Best That You Have
and the Best Will Come Back to You.*

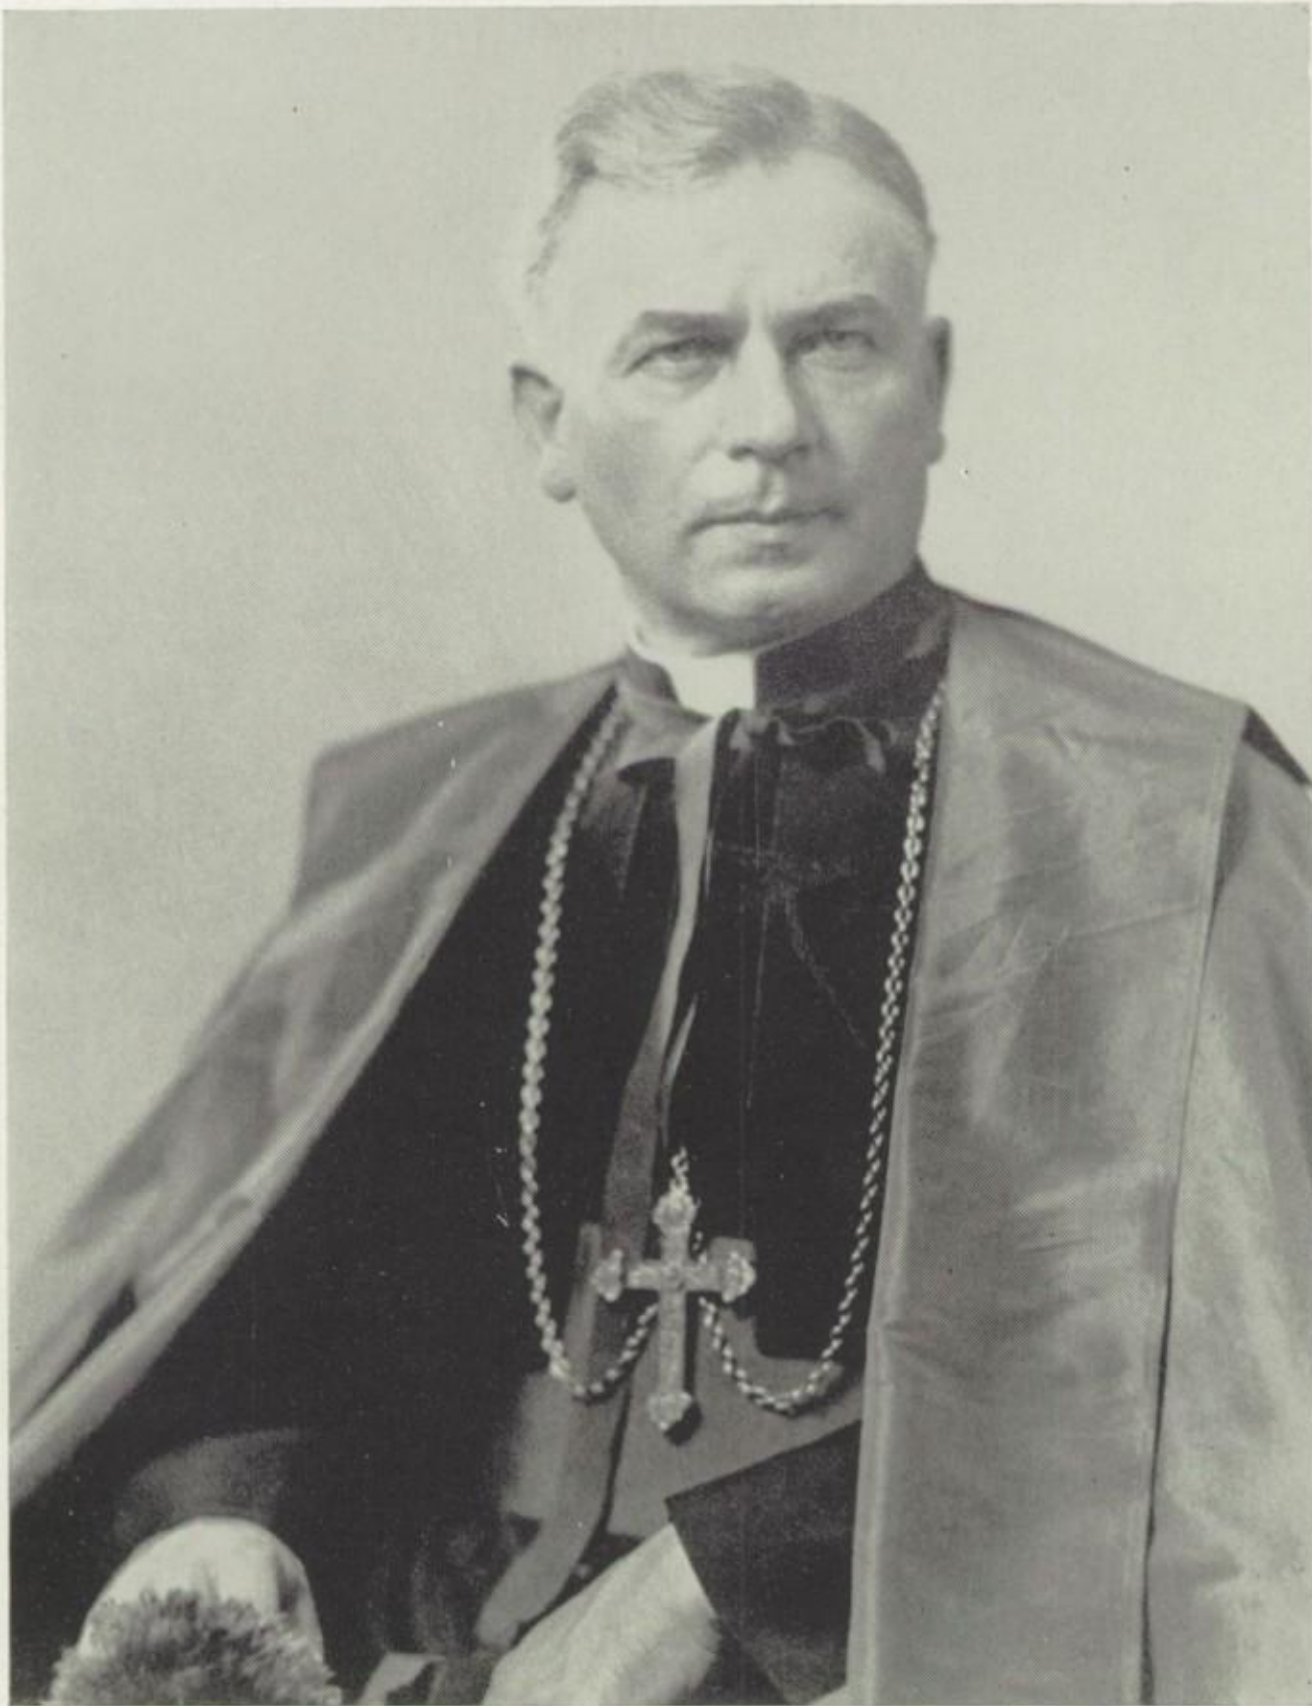

We stand on a mountain top, looking into the misty distance of the future. We shall endeavor to use our knowledge of the Divine and the human to attain our goal. We now go on toward the Eternal Commencement.

His Holiness

POPE PIUS XII

REV. ROBERT VON KAENEL

Pastor—St. Mary Church

Principal—Piqua Catholic High School

Congratulations

This year, we, of the Picada staff, wish to extend our congratulations to Rev. Fr. Robert Von Kaenel, who is celebrating his 25th year in the priesthood. Pastor of St. Mary's Church, and principal of St. Mary's elementary school and Piqua Catholic High School, he is known and honored for his all-out efforts to benefit Piqua's youth. Much work has gone into making Piqua Catholic one of the leading high schools of this district. Father has not overlooked an opportunity to assist the teen-agers.

Father Von Kaenel was born in Marion, Ohio, on May 9. His formal education which began at St. Mary's Elementary and High School in Marion, was continued at the University of Dayton. Study for the priesthood took him to St. Gregory Seminary, and his final schooling was at Mt. St. Mary's Seminary. He was ordained a priest on June 9, 1928, by Archbishop Henry Moeller.

His assignments as assistant pastor took him to St. Mary Church, Holy Name Church, St. Matthew Church, St. Stephen Church, all in Cincinnati, and Sacred Heart Church in Dayton. He taught at Elder and St. Lawrence in Cincinnati, and Sacred Heart in Dayton.

Father came to Piqua in 1943. His duties here have included the administration of two mission parishes. Over a period of years a survey of several mission areas was conducted. This survey resulted in the organization of three new mission parishes one of which was St. Teresa of the Infant Jesus in Covington. Father celebrated the first Mass there Christmas, 1950.

Now, along with our congratulations we say, "Thank you for everything, good luck in all your endeavors, and please pray for us, Father."

The Juniors

The main objective for the thirty-five members of the class of "54" was the exciting Junior-Senior Prom. Funds for this event were raised through the selling of refreshments at our high school football and basketball games and by sponsoring dances and class parties. Our second objective was the choosing of our class rings.

We have gained a high standing in school athletics, as well as in our scholastic work. The Juniors hold both boys and girls, intramural basketball championships as their proof.

Now that we have attained the title of "Seniors", may God guide us in our final year as He has done so successfully in the past.

The Sophomores

The timid footsteps of a year ago now hasten with new confidence, for they are the footsteps of today's sophomores.

Cooperation and class unity have marked all our endeavors. The spoils of a successful skating party paved the way for an enjoyable Senior Breakfast. Candy and cake sales for the mission met with a hearty response. Along with our regular activities we have been enthusiastic boosters of the K. of C. Youth Center by contributing magazines and records as well as donating our services as a clean-up committee.

When anyone needs help or wants something done, he will always find the Class of '55 ready and willing.

The freshmen, the class of '56,
Haunt the teachers with jokes and tricks.
Though we have fun, we've a serious side, too,
And we hope to be successful our four years through.

We've a wonderful school spirit,
And we shall always try,
To make our school proud of us,
We're the Freshmen of Piqua Catholic High.

The Freshmen

In September 1952, 53 green freshmen stepped through the doors of Piqua Catholic High and into the second room on the left hand side of the hall. We thought we were "big stuff" but we found we were only underprivileged, underclassmen.

Initiation brought hard and trying times on the class, but the reward was fruitful as every freshman had a wonderful time at the Initiation Dance.

As fall passed into winter football and basketball games were the highlights of the weekends and there was always a large group of freshmen to represent our school.

On through the spring months the freshmen participated in the intramural sports, and then came the highlight of the freshman year—the high school picnic which we sponsored.

With this to end our year, we find ourselves looking forward to next year and the two years following that. Not because of our size but rather because of our school spirit will we be remembered as "the Class of '56."

P. Bumgardner and N. Bennett, '56

Class Activities

Junior boys are intramural basketball champs.

Sophomore class visits Decker's Plant.

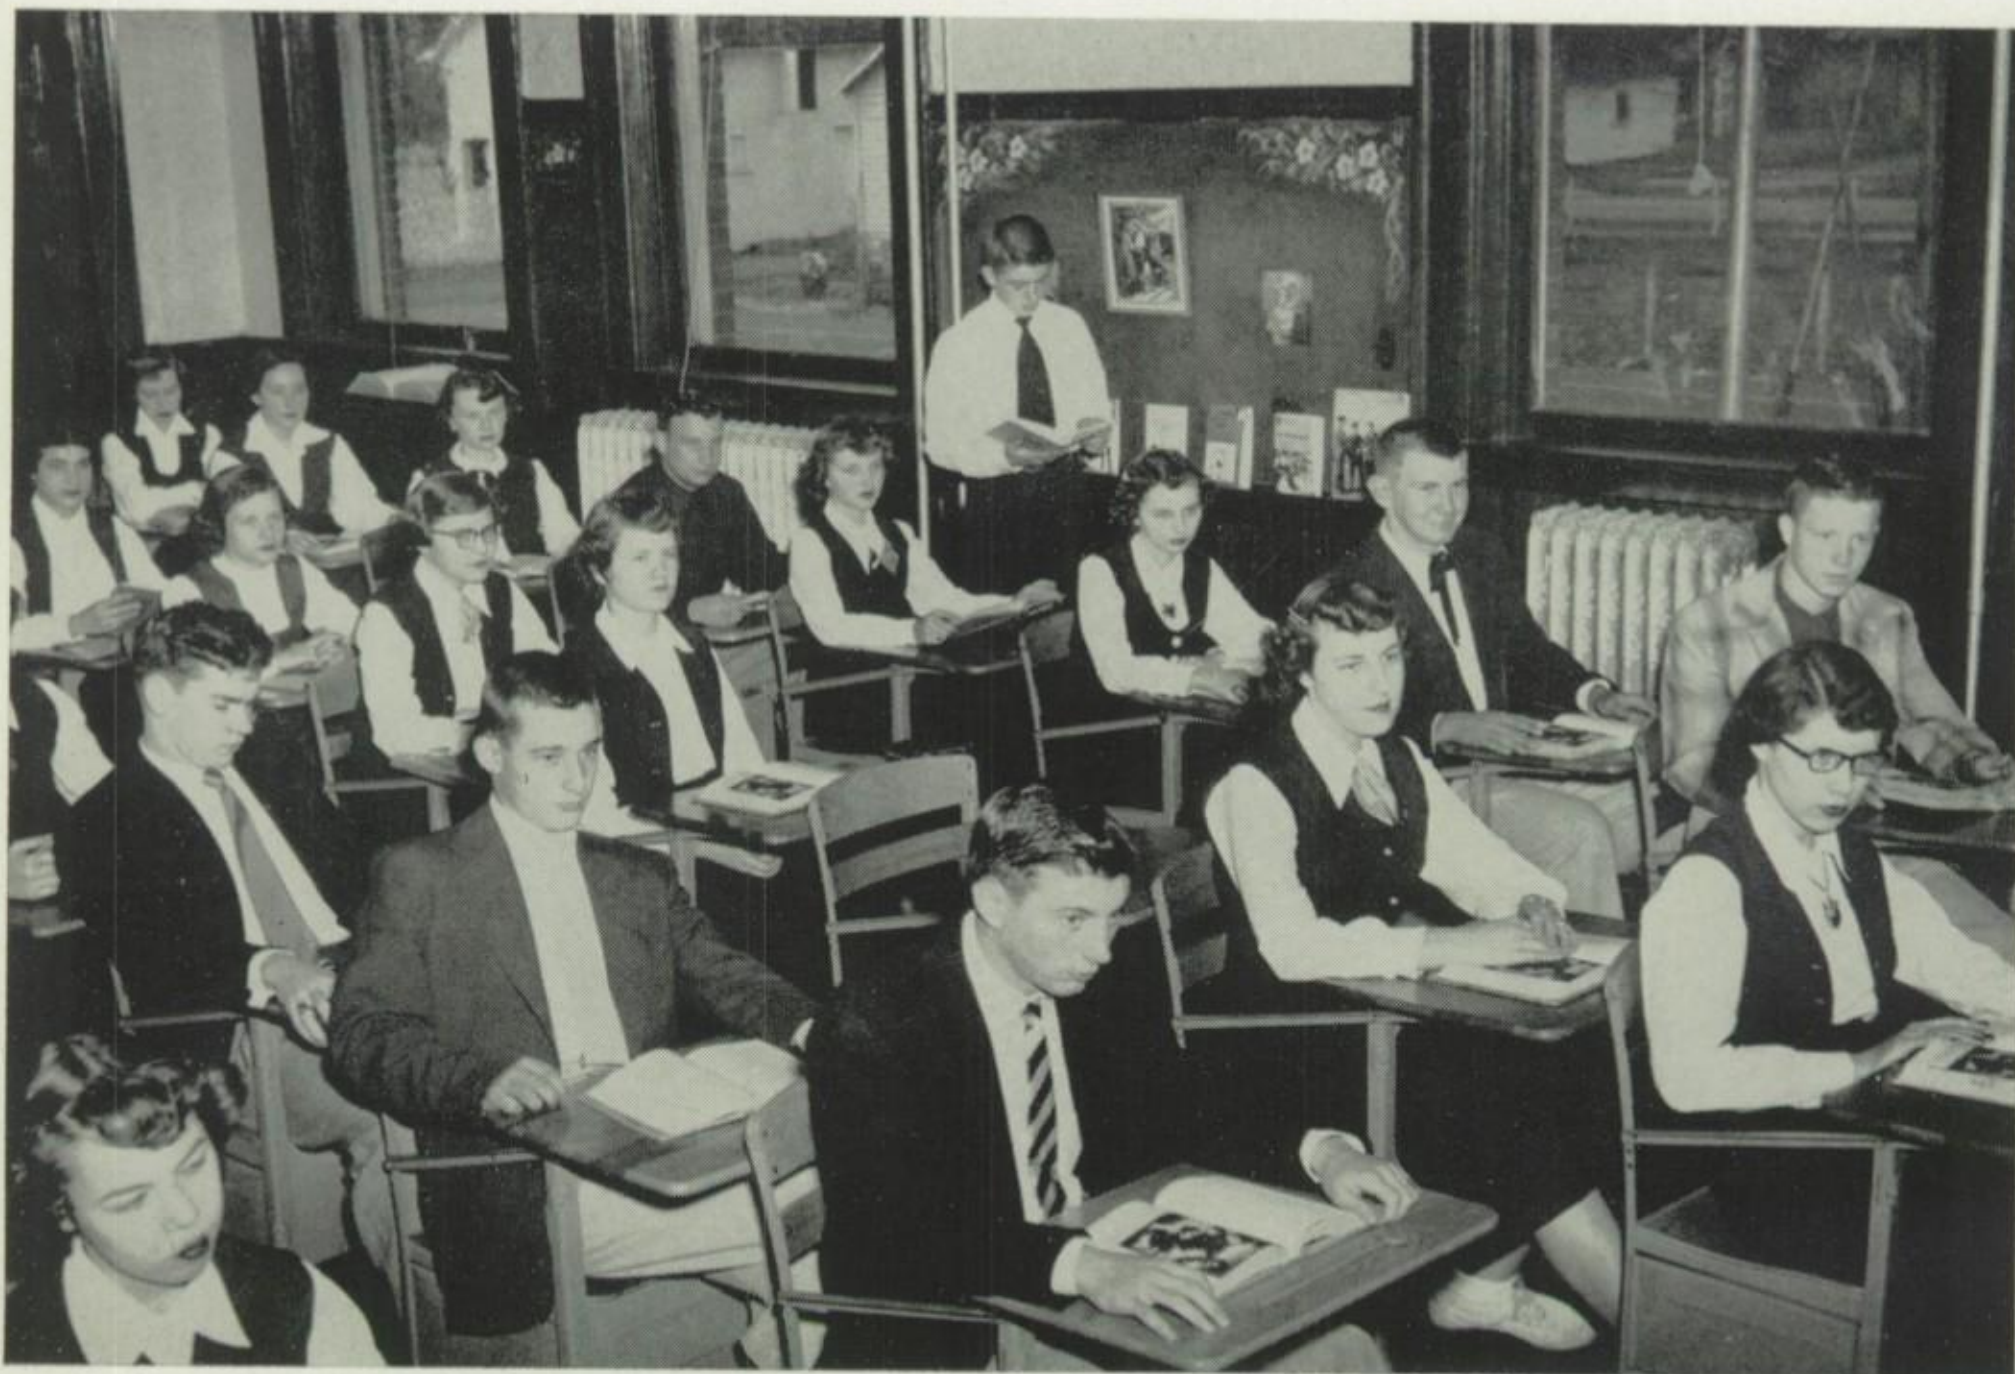

Poor freshmen have a hard time on initiation day.

Seat of Wisdom

Class Section

Each student's day at Piqua Catholic begins with attendance at Holy Mass. Here we see Ann Smith, Tom Mellinger, Ann Maher, Mary Ann Sharp, Mary Jane Murphy, Paul Stiefel, Joe Kinsella, and Don Stephan as they enter church.

We find the Seniors at a serious moment in religion class as Joe Kinsella reads a question to be discussed.

Religion

Religion is indispensable both to the individual and to society. It alone can give direction and consolation for the difficulties of life.

The central theme for the four years of high school is that man was created to give glory to God. As freshmen we concentrated on how God fulfilled man's quest for perfect happiness. In our sophomore year of religion we learned how Christ, the Incarnate Son, by His Passion and Death, gave us hope for everlasting happiness. As juniors we gained a more thorough knowledge of the mystery of the Blessed Trinity. Now as seniors we are seeking knowledge of the life which awaits us in our eternal home, heaven, where we all hope to be reunited. Through Mary we shall strive to reach her Divine Son.

English

English is a required subject for all pupils at Piqua Catholic High. The correct forms of English usage are stressed because they are especially important to the students as they go through the business and social world. The study of literature eventuates in an understanding of the human significance of great books and poems. Besides learning how to speak correctly and acquiring cultural backgrounds, the students also learn the fundamentals of public speaking, debating and discussing which will be of vital use to them in later life.

The Juniors engage in a lively political discussion. Paul Stiefel urges his classmates to "Know Your Candidates".

A Sophomore Latin class translates stories about Caesar's Gallic Wars. Don Stephan seems eager to read the next paragraph.

Languages

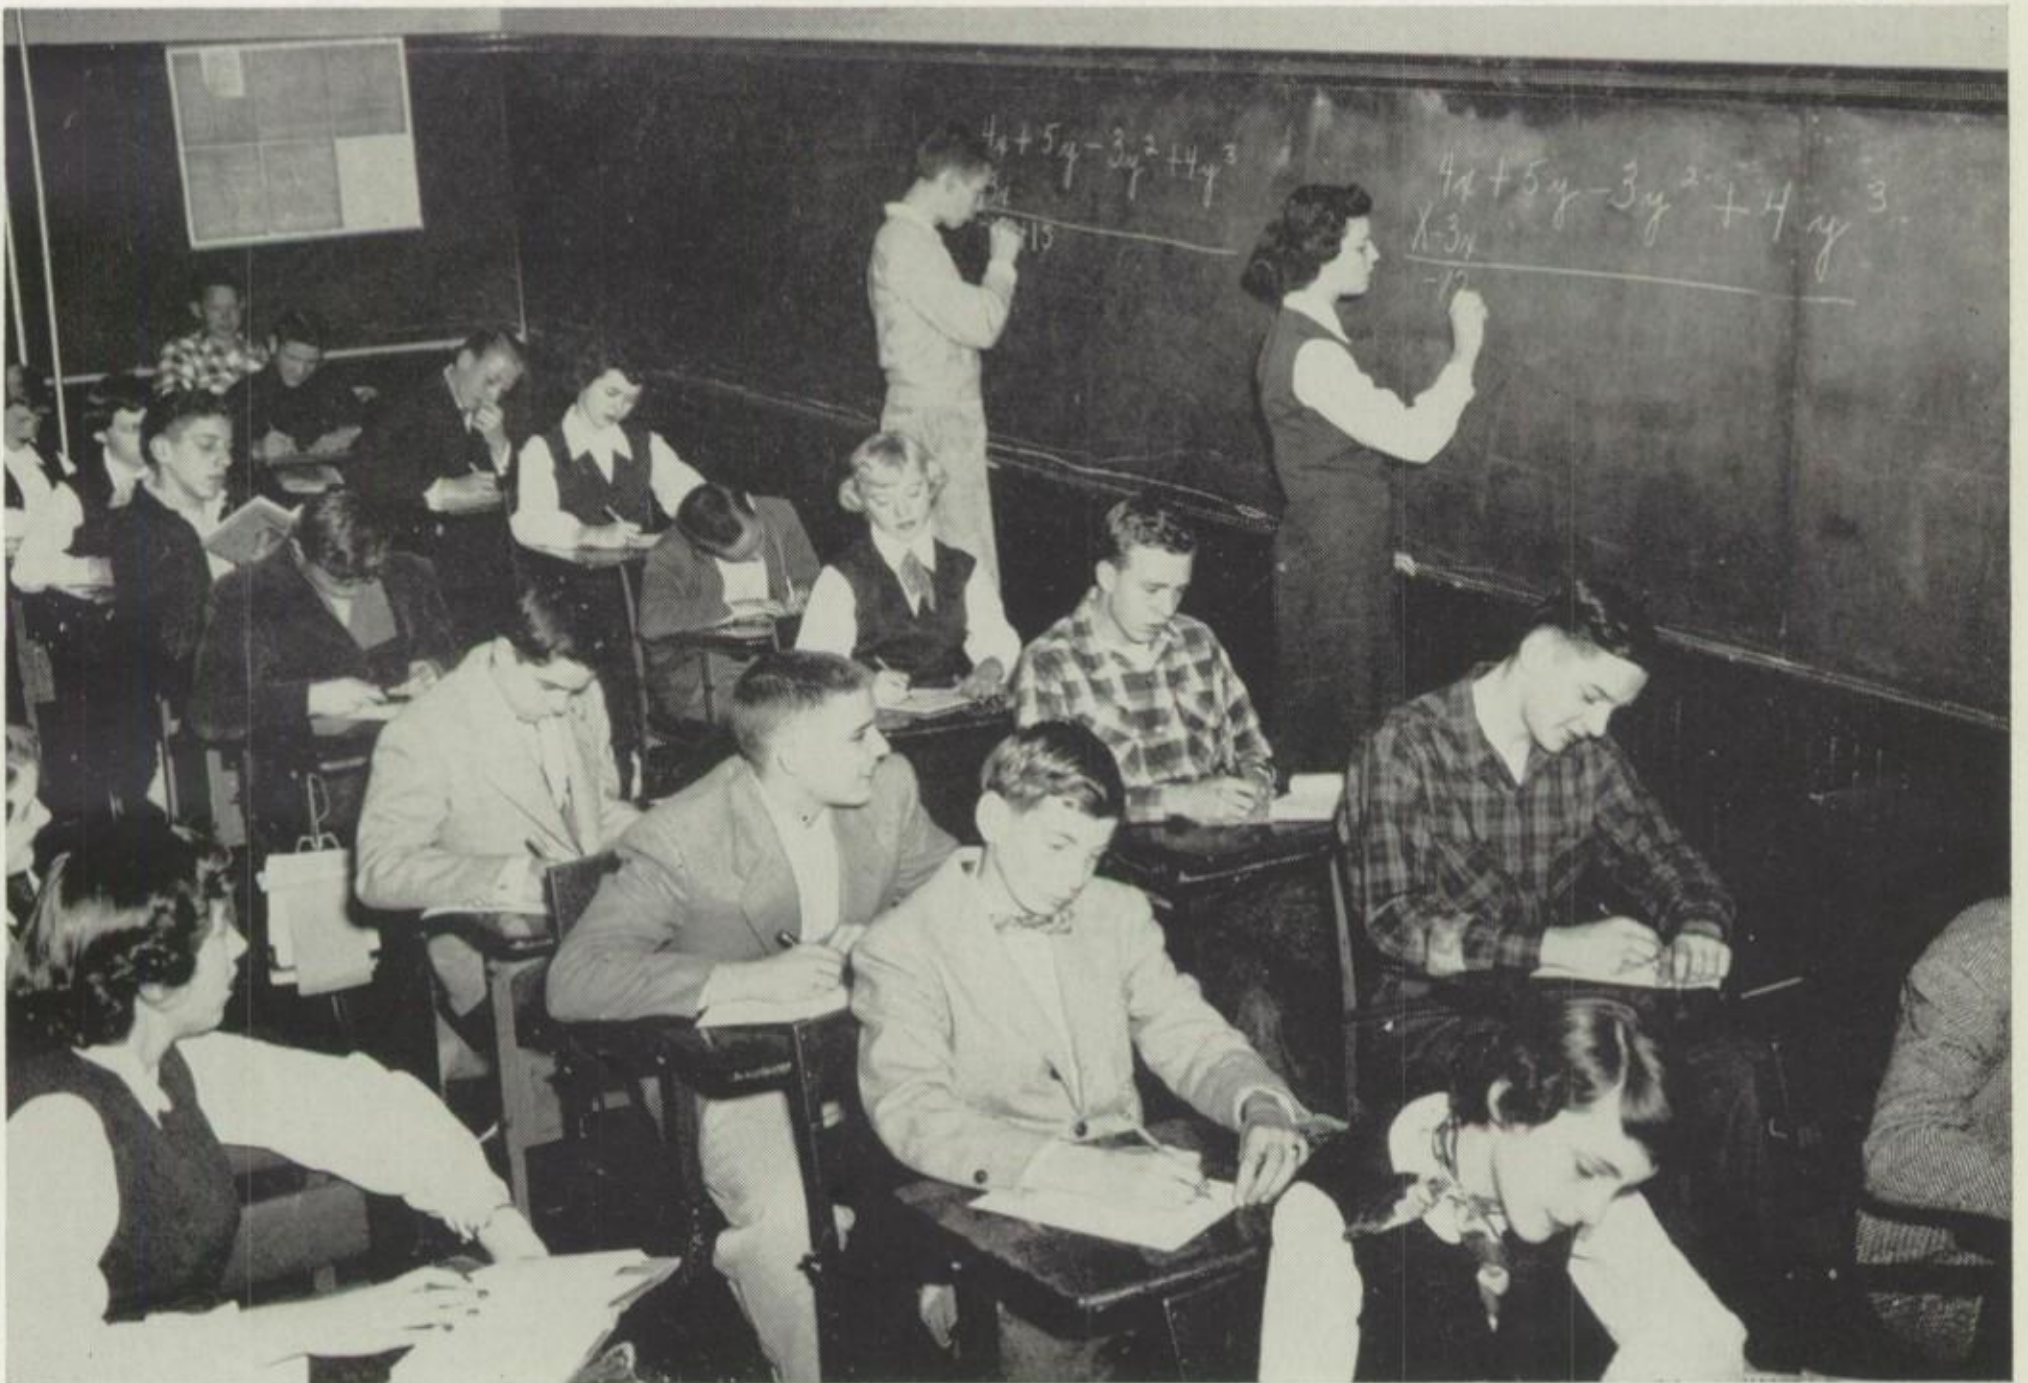

The pupils at Piqua Catholic gain much from the study of Latin and Spanish. The Latin pupils receive not only an acquaintance with a great language and literature, but also an understanding of a civilization to which we owe a large part of our own language and culture. The study of Latin aims to bring out for the pupil the social values of the classical studies, the humanistic side of Latin, and to show him how Roman life and speech have influenced our own.

Much value is also derived from the study of Spanish. The pupil of this language has the opportunity of increasing his knowledge of the institutions of Spain and of getting a better understanding of her contributions to modern culture. It helps him to be a good neighbor and adds to his professional usefulness no matter what field he may choose.

Mathematics

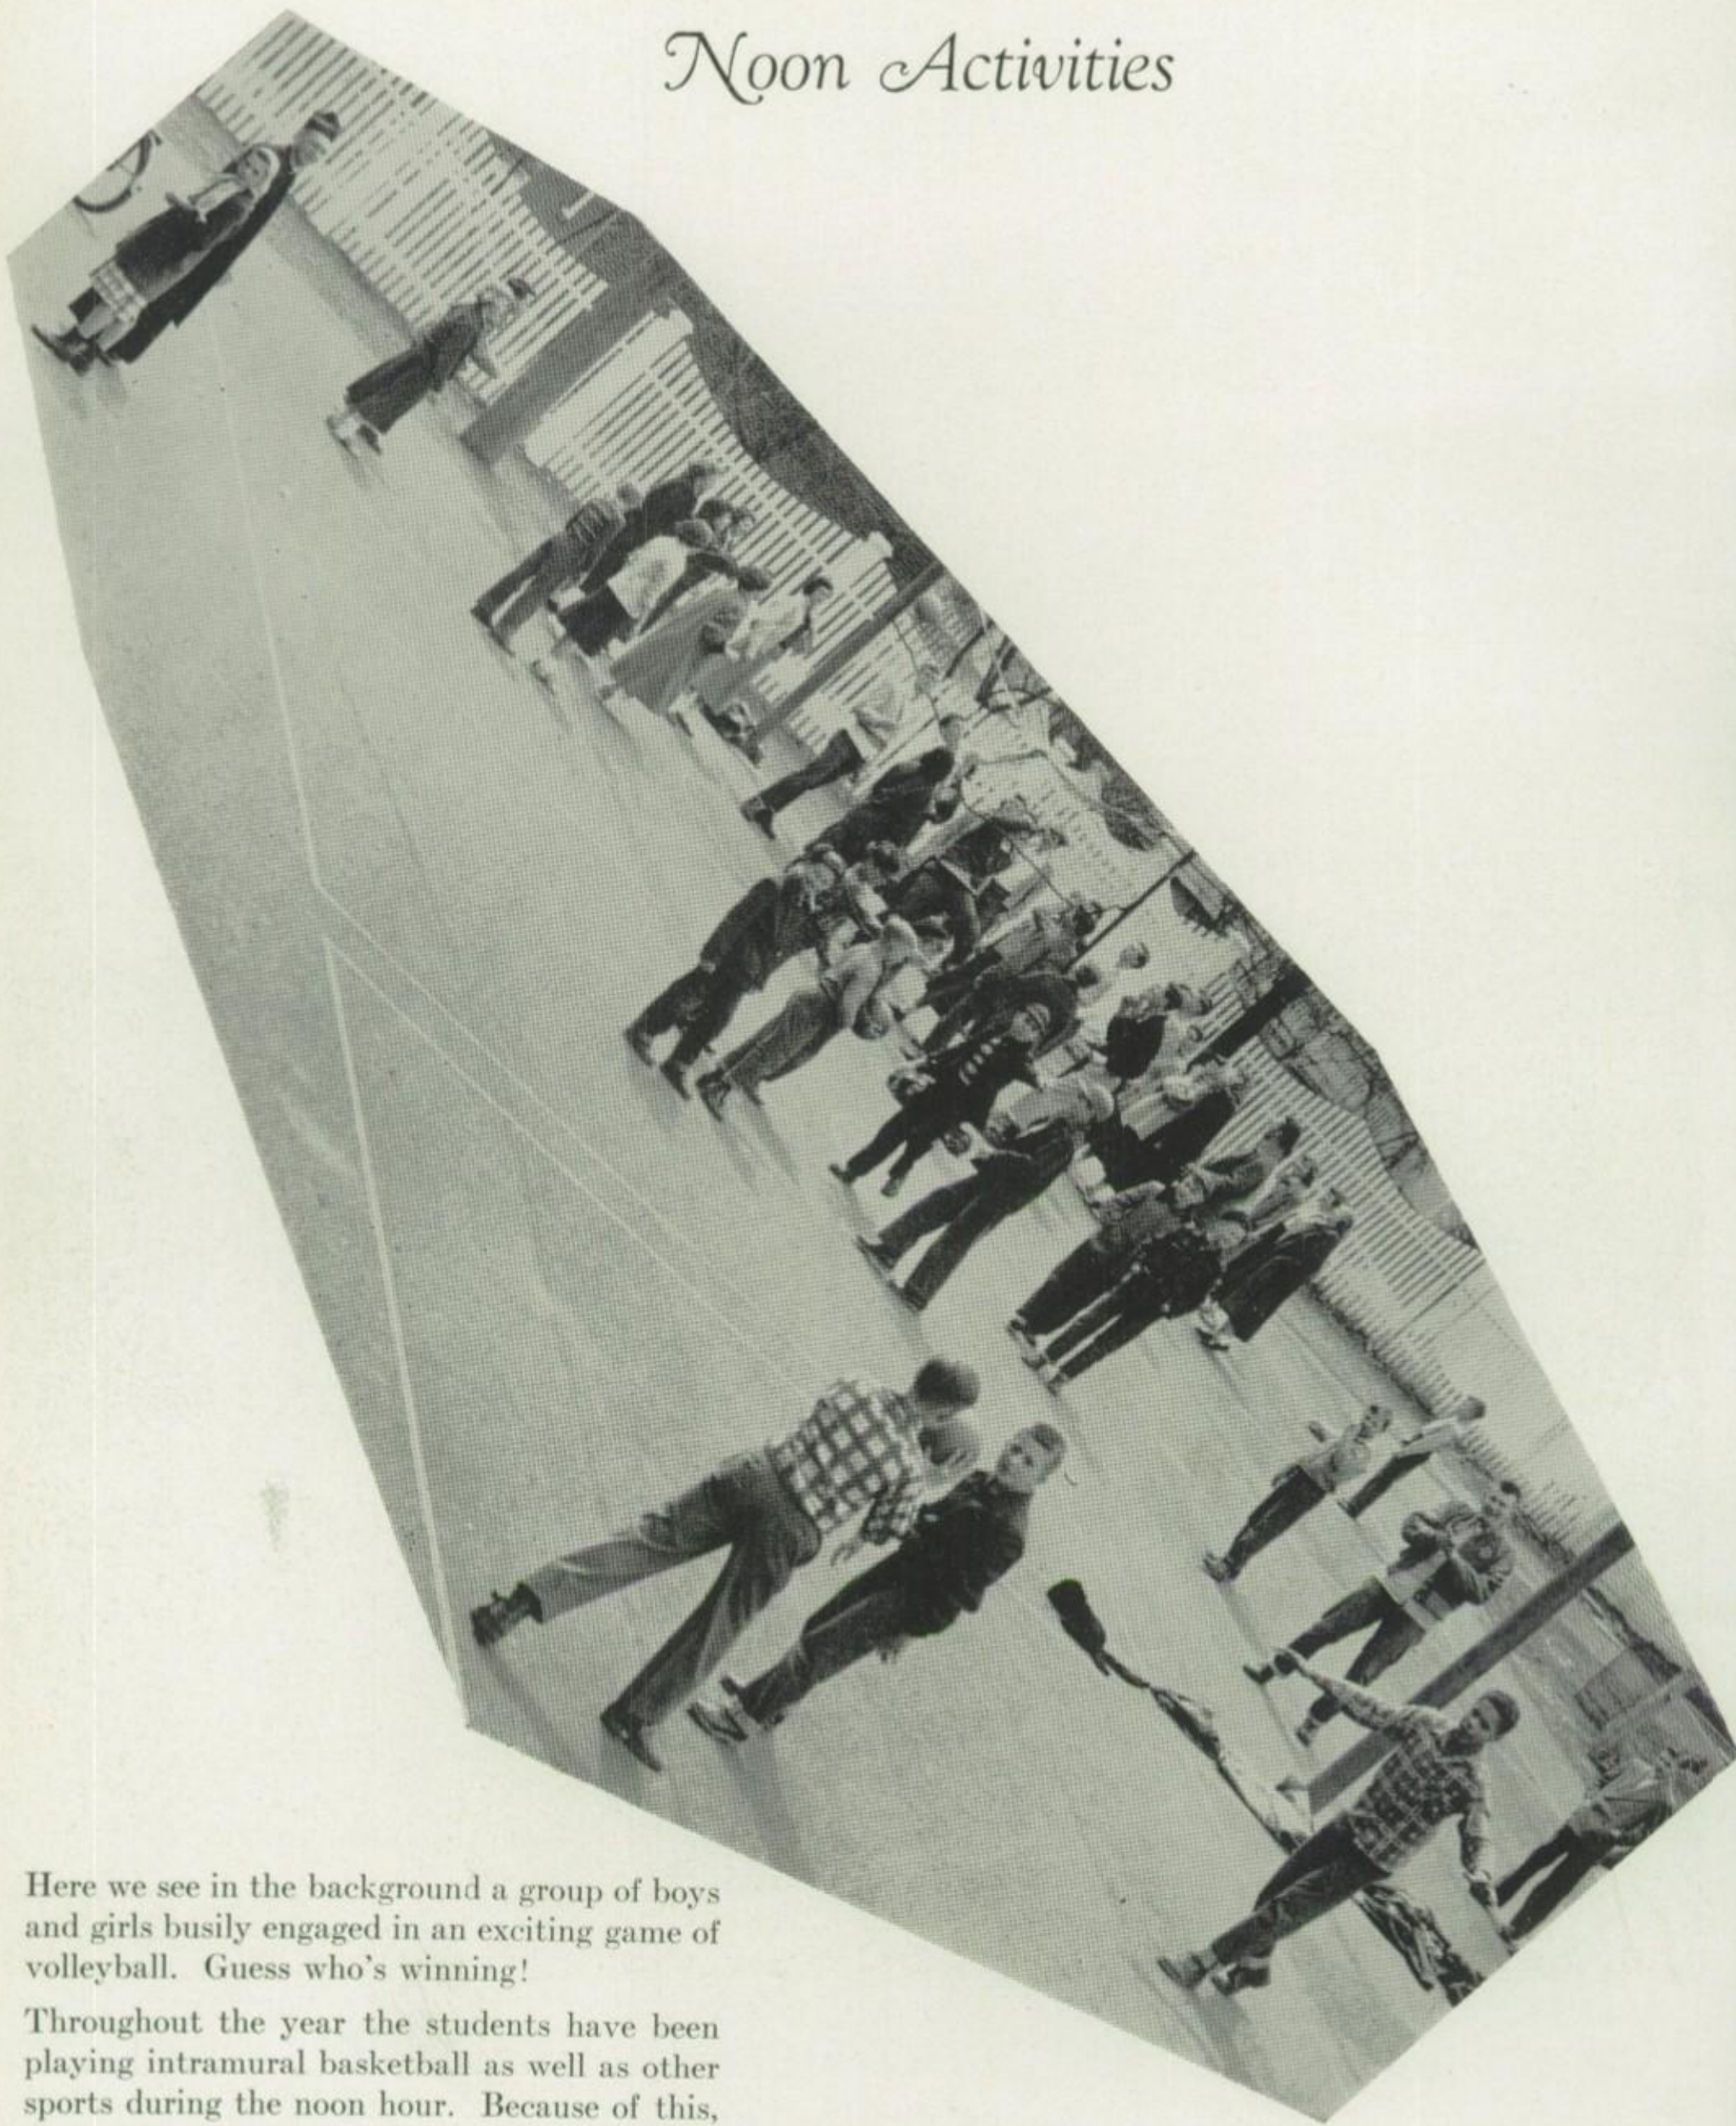

No matter what road of life is chosen by students, mathematics is a required factor. Whether your vocation be in the home or in the outside world there is no goal to be reached without some knowledge of the science of quantities.

The present-day technological world needs and cannot get along without men and women who have a mathematical intelligence and a thorough training in the language of algebra. Piqua Catholic offers the student courses in both first and second year algebra as well as general mathematics and geometry.

The mystery of the unknown quantity fascinates the Freshmen. Tom Mellinger and Mary Jane Murphy are seeking a solution.

Noon Activities

Here we see in the background a group of boys and girls busily engaged in an exciting game of volleyball. Guess who's winning!

Throughout the year the students have been playing intramural basketball as well as other sports during the noon hour. Because of this, packed lunches have really become a familiar sight at school. The participants are taught co-operation and sportsmanship through these activities and at the same time, have fun.

Commercial

Piqua Catholic offers a complete commercial course for those students wishing to pursue a career in the business world. Through training in bookkeeping the pupils are taught accuracy in figures, a most important factor today. Writing as fast as a person talks might be considered an unusual art, but that is just what the shorthand students are aiming to do in their two-year course at Piqua Catholic.

Here are pictured a few of the Senior typists busily engaged in practice work. Ann Maher carefully adjusts her paper.

Mr. Noreck shows Mary Ann Sharp and a few other juniors the dual controls.

Driver Education

For three years at Piqua Catholic High, the students of the junior and senior classes have been afforded the opportunity of learning how to drive under the supervision of our competent instructor, Mr. Noreck. The high percentage of motor vehicles on our highways makes it necessary for all persons driving to have the requisite knowledge and control of their automobiles. The students also learn the mechanical make-up of a car as well as how to be sound and capable drivers. By taking this course, the students help to make our highways a safer and saner place on which to travel.

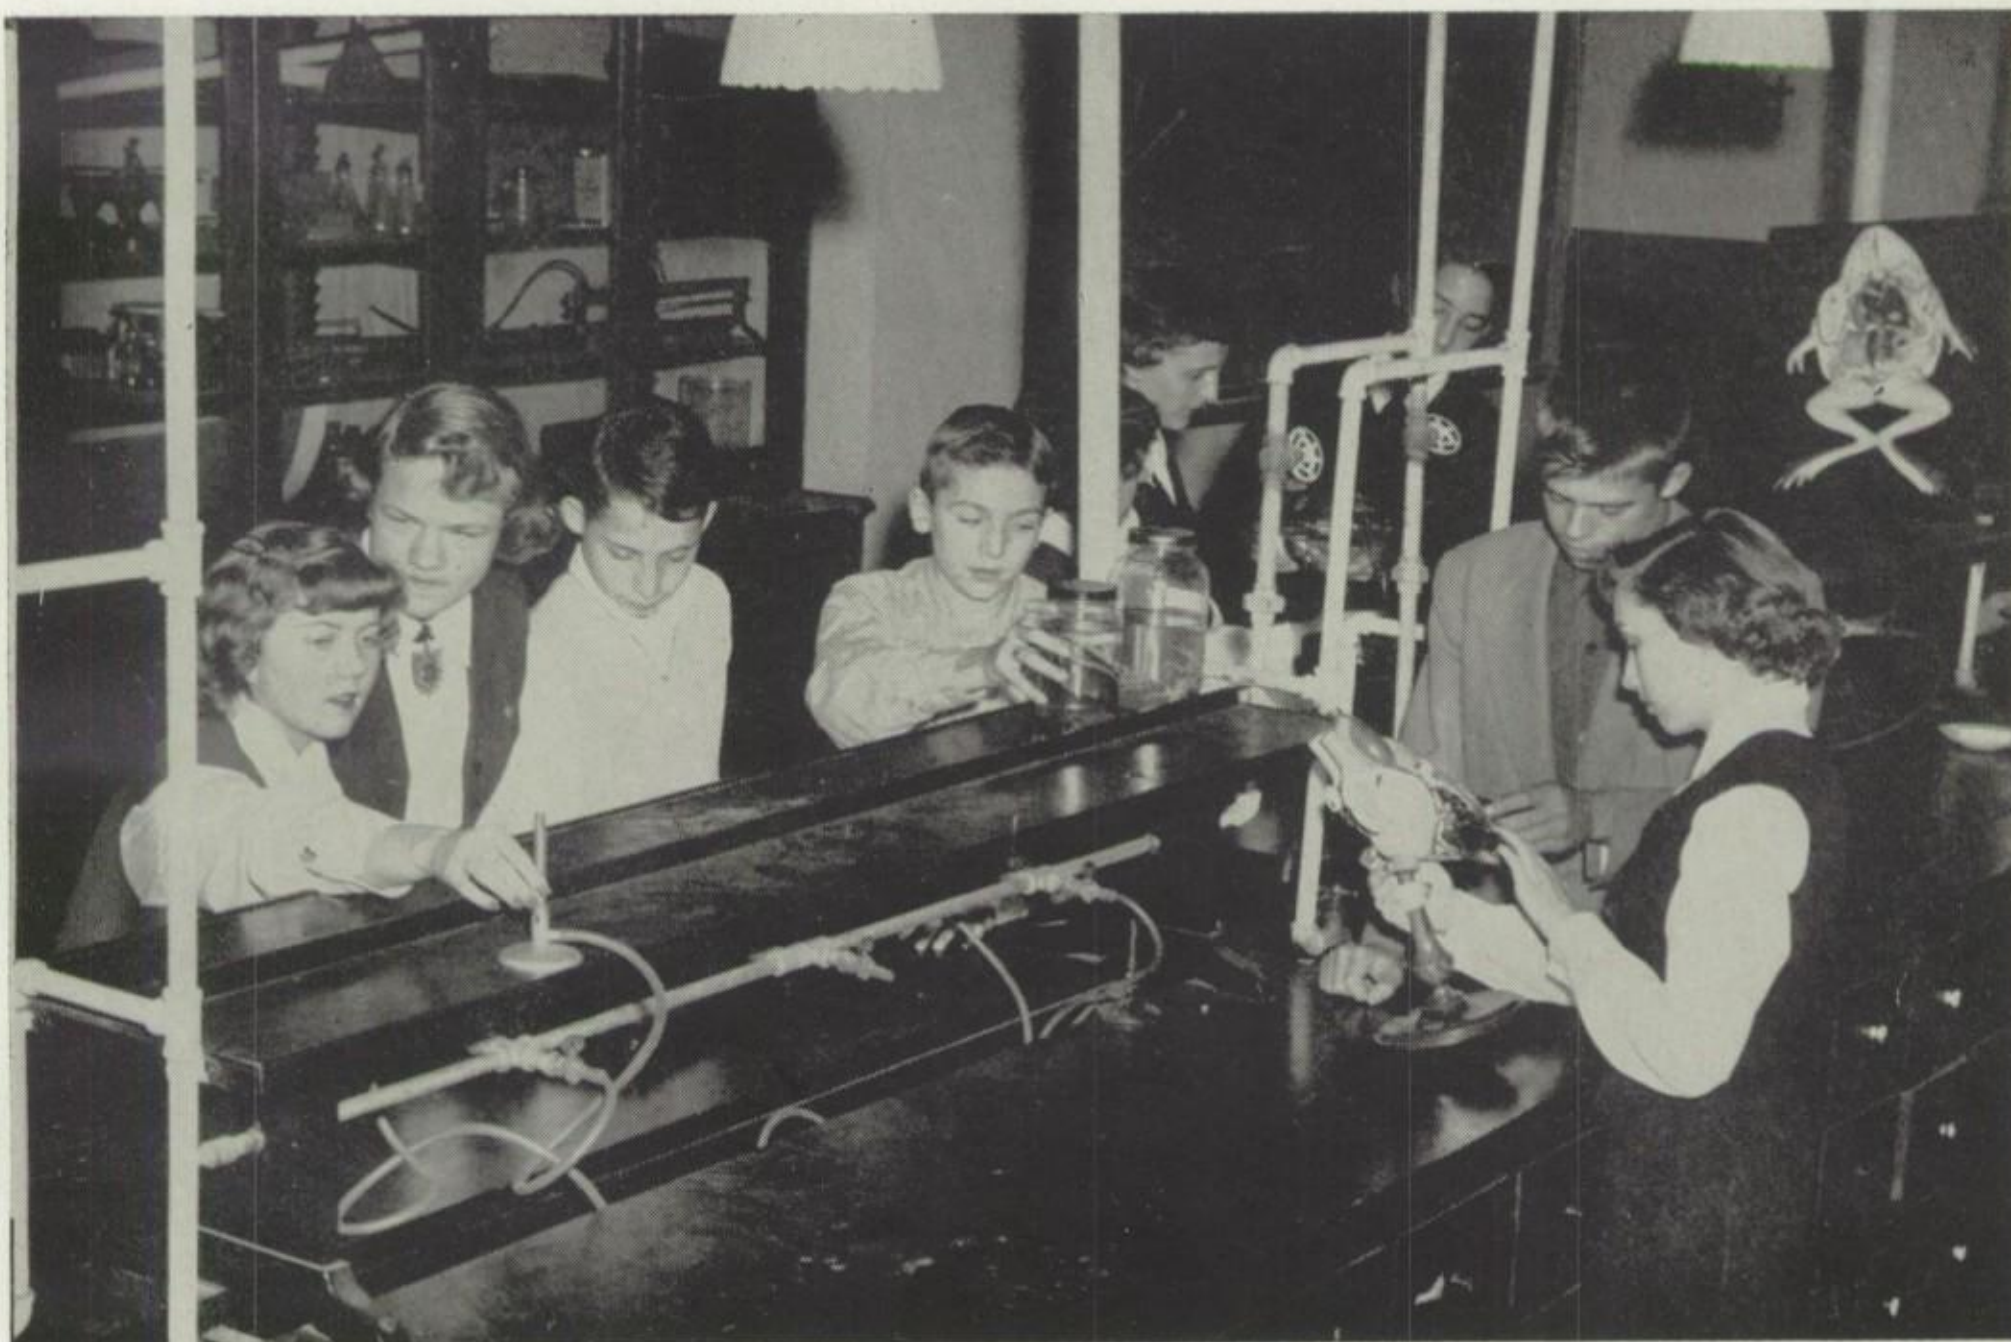

Science

Never before, has there been such a need to give to the whole of our American youth some little understanding of the social significance of science.

In general science we obtain a basic knowledge of the matter about us.

In chemistry we learn about the atmosphere around us and the elements which influence our lives in many ways.

Physics, the oldest and most fundamental of the sciences, leads us to the causes of motion and the movement of mechanisms.

Members of the Biology class spend a period in the Lab. Ann Smith replaces a Bunsen Burner.

May Crowning

An event of May, each year, is May Crowning in which the entire student body, including elementary, junior and senior high schools, takes part. As has always been the custom, a queen and two attendants were chosen from the senior class, by the students of the high school.

This year our queen was Sue Carey and her attendants were Mary Lou Klosterman and Nancy Teach. This is a great honor to have bestowed on one, since the girls who are chosen are ones whom the students admire and respect.

This was another beautiful May Crowning, our humble way of paying tribute to our Blessed Mother. May the effects of it remain with us forever.

We Salute

CAROLYN FULLER

Possessing journalistic talents, Carol is generally seen with a pen in her hand. All through her four years of high school she has acquired various honors because of her writings. Two of her poems "Toothaches" and "A Lonesome Gal" and two of her essays "That Age" and "My First Job" were accepted by the National Anthology of High School Prose and Poetry. In addition to this, she was the only one in this section of the country to receive Honorable Mention for her essay, "My Home Town" from the Catholic Extension Magazine. Last year Carol won first prize in a local contest for her essay on Fire Prevention. Carol and her writings have achieved a place of honor for herself and her school.

Groff—Record Breaker

Bill moved to Piqua after completing two years at Russia High School. He made friends very easily because of his sociability and his sparkling sense of humor.

Although he is small in stature, Bill Groff made a name for himself this year when he broke the individual scoring record set by Larry Barhorst in '47. Bill's total number of points, 342, was seven points above the former record. By way of comparison, Larry is 6' 3", while Bill is only 5' 8", also Larry's season consisted of 22 games while Bill had only 16 to out score him.

In Appreciation

As we bring our yearbook to a close, we wish to pay our tribute to various persons who have helped make our book a reality. First and foremost on our list is our adviser, Sister Mary Jeanne d'Arc, R.S.M., who has given us invaluable assistance and guidance in planning and developing the "Picada" to its finished status. To the entire faculty for their patience and consideration we say, thank you.

Next, we wish to express our gratitude for the material assistance given us by our Advertisers, Patrons, and Subscribers. In addition to these, we wish to extend our thanks to Sidney News Engraver, Magee Brothers, Printer, Shoemaker Studio, and Donald Swift, a Sophomore, who has been a great aid to our photography staff.

To everyone who has helped us in our endeavor, the Senior Class of 1953 wishes to extend a hearty thanks.

**LEAVE THE
"ROAD WORK"
to ATHLETES**
Pay Your Bills by Check

Don't run around in person every month paying bills. It's not only tiresome foot work but it's bad head work.

Paying by check will cost you less in time and labor, and it will save you money. Also, a checking account will add to your credit reputation.
